THE BOLD LOOK
OF **KOHLER**

DESIGN THE LIFE YOU LOVE.

Design has always embraced a certain level of self-expression. But unlike the days when tastemakers expressed themselves and the world adjusted, today personal style is truly at the heart of design. The objects you surround yourself with, the ideas you're passionate about, and how you want to feel in your home are the important details in design. Quite simply, you and your personality are the key ingredients.

At Kohler we make it our business to help you create bathroom spaces that work for you. Whether it's a showstopping powder room to welcome guests or a master bath designed to elevate your daily routines, Kohler has a ready solution. We're here to help you design a home that is an expression of you and the life you love.

18 DESIGNING THE EXPERIENCE

PLANNING *your space*

Designing the Look

Create a bathroom or powder room that captures not only the look you're after but also the emotional experience you want to create for yourself and your guests as well.

10 Exploring Color, Finish and Material

What are the combinations of color and finishes, materials and textures that attract you? And which of these will work together to achieve your style of choice?

14 Designed to Be Designed

The Artifacts® and Components™ collections invite you to design a signature look by combining a spout with handles and a finish. With different combinations creating distinct looks, these versatile collections are designed to be designed—by you.

16 Featured Collections

Do you enjoy finding individual pieces to create a unique collection or do you prefer collections ready-made by experts who understand the nuances of design? Explore our collections for whole-room solutions.

Designing the Experience

At Kohler we design the functionality of our products to not only bring a great sense of comfort and ease to your daily routines but also to deliver unique and personalized experiences that delight.

18 Wired for Experience

As with many facets of life, technology is changing how we think about and use the bathroom. It can change the focus of your space from everyday tasks to health and well-being.

21 Universal Design

Being smart about the future is as important in design as it is in life. We can help you create a bathroom that will meet you and your family's needs today and tomorrow.

22 Everything in Its Place

The number and location of organized storage options in your bathroom can be the difference between a frantic and a calm morning. We give you plenty of options across the bathroom.

THE KOHLER *spectrum*

We pride ourselves on bringing you an extensive selection of colors and finishes to choose from as you design your bathroom. Our colors are consistent across a variety of materials, from vitreous china and acrylic to enameled cast iron. Creating a seamlessly coordinated look couldn't be easier.

Faucet Finishes

The finish you choose is all about the look. With more options than ever, your choice of finish can best reflect your personal style and help you realize your bathroom design vision.

Furniture Finishes

From soft and light to deep and dark, our vanities are available in a wide range of finishes around which to design your entire bathroom.

Shower Door Finishes

Shower door finishes set the tone for your shower space and help tie the design together. From light and bright notes to bold, dark bronze—each finish plays up your bathroom’s unique style.

Bright Silver (SH) Bright Polished Silver (SHP) Brushed Nickel (NX) Matte Nickel (MX) Anodized Brushed Nickel (BNK) Brushed Bronze (ABV) Anodized Dark Bronze (ABZ)

Vitreous China

Vitreous china sinks are fired to be highly durable and easy to clean. Colors match perfectly across all bathroom fixtures, whether vitreous china, acrylic or enameled cast iron.

White (0) Dune (NY) Biscuit (96) Almond (47) Ice™ Grey (95) Sandbar (G9) Cashmere™ (K4) Thunder™ Grey (58) Black Black™ (7)

Enameled Cast Iron

KOHLER® enameled cast iron is made in part with recycled material, comes in an array of rich, gorgeous colors and has a Lifetime Limited Warranty. For warranty details, visit KOHLER.com/Warranty.

Shadows Collection Colors

Lavender Grey (GRL) Indigo Blue (DGB) Black Plum (PLM)

EXPLORING *color & finish*

Bringing Color and Finish Together

The colors and finishes you choose will play a leading role in creating the look and feel of your dream bathroom. Each has its own characteristics in terms of warmth or coolness, depth or opacity, texture and sheen, but placed in conversation with one another, some traits may be accentuated over others. Finding the right combination will help you achieve an ideal mix of style and comfort.

White or Color: You Can't Go Wrong

There's no wrong answer when it comes to color choices. Consider these bathroom vignettes. The choice of white or color fixtures can shift the tone of the room. Find what works for you.

The Finish Is Just the Beginning

Like color, finish preferences are highly personal. Both metal faucet finishes and wood cabinet finishes can be customized to shape the ambience of the room. Determining what tone or tones create the sensation you're after can be a fruitful place to begin thinking about the design of your bathroom.

Metals for Mixing or Matching

It's definitely not breaking rules today to combine metals in a single space. Bringing warm and cool metal tones together often creates a more lively, layered mood.

DESIGNING THE LOOK

DESIGNED *to be designed*

Artifacts®

Inspired by turn-of-the-century charm, each piece in this singular collection is like a vintage treasure rediscovered in a street market or antique shop. Artifacts faucets can complete the look of a room, or they can become the central piece to build an entire room around.

Components™

Components is a full collection for the contemporary bathroom that speaks to the many facets of modern design. Every element, from spouts and handles to the accessories that complete the space, is designed to feel like a minimalist piece of modern sculpture.

DESIGNING THE LOOK

FEATURED *collections*

Make bathroom design simple and beautiful with KOHLER® collections. Our coordinating fixtures and faucets take the guesswork out of creating a look you love. Each collection can be a complete design solution or a starting point for mixing and matching. With designs that suit any home from traditional to contemporary, you're sure to find the style of your dreams.

SHADOWS COLLECTION

No one does color quite like Kohler. Take the new Shadows collection. Three bold colors now available on select, iconic KOHLER® enameled cast iron products. Lavender Grey—tranquil yet whimsical; Black Plum—a statement piece for the fashionable and daring; and Indigo Blue—celebrating the brooding beauty of a coastal setting. Built to last for generations, KOHLER enameled cast iron makes an unwavering statement of beauty with a stunning impact that never fades.

Veil®

The Veil collection's organic asymmetrical shapes bring a fresh perspective to bathroom design. From the uniquely thin form of the bath to the efficiency of the toilet, every detail has been purposely crafted to enhance your space. With elements as natural as they are innovative, enjoy modern tranquility at its finest.

 See the entire offering of collections at [KOHLER.com/Collections](https://www.kohler.com/Collections)

Tresham.

The Tresham collection is steeped in the traditions of classic Americana while embracing a modern eclectic sensibility. Tresham vanities, toilets, sinks and shower bases bring this playful eccentricity, this eclectic elegance, to the bathroom. Celebrate tradition—with a twist.

Kathryn.

Evoking the unforgettable style of the early twentieth century, the Kathryn collection is inspired by a 1929 exhibit of KOHLER® products at the Metropolitan Museum of Art. Each detail of the collection pays meticulous attention to the original design.

Archer.

Blending subtle design elements found in the chamfering techniques of craftsman furniture with the intricate facets of jewelry, the Archer collection achieves an interesting transitional aesthetic. The vanity brings texture and visual depth to the collection, while the fixtures combine curved and beveled edges to suit an array of design motifs.

Memoirs.

Inspired by traditional style, the Memoirs collection echoes the stylized lines of historically renowned furniture and architectural design. Choose from two distinct interpretations: the clean, crisp lines of Memoirs Stately and the rounded detail of Memoirs Classic.

DESIGNING THE EXPERIENCE

WIRED *for experience*

Integrating technology into your bathroom streamlines the look while delivering experiential options that target everything from cleanliness to well-being.

Connecting to Let Go

In the shower, technology gives us choices. From letting a preset shower experience surround us with music and steam to targeting different areas of our body with hydrotherapies, technology makes it possible and simplifies the process along the way.

 Learn more about how technology is transforming the bathroom at ideas.KOHLER.com/BathTechnology

Technology in the shower lets you combine sprays, steam, music and light to create a variety of experiences from energizing to soothing.

DTV+™ with KOHLER® Konnect uses voice-enabled technology to deliver an invigorating, customized shower.

Enjoying the benefits of steam is easier than ever with Invigoration® Series steam generators.

DESIGNING THE EXPERIENCE

WIRED *for experience*

Harried homeowners crossing endless items off their to-do lists are discovering an audio system in the bathroom can keep them connected and informed while they go about their daily routines. Wherever you are in your bathroom, you can relax or rev up with products that enhance the overall experience and give you streaming sound and task lighting that can all be programmatically controlled with the touch of a button.

UNIVERSAL *design*

We are committed to designing products that deliver a sense of well-being, vitality and independence for individuals of all ages and abilities. From shower sprays that are exceptionally gentle on the skin to toilets that feature a more comfortable height, we offer inspiring accessibility solutions.

+ Slidebars let you adjust the height of the handshower for people of all statures.

+ Shower bases with a low threshold simplify getting in and out of the shower.

+ The grab bar provides support and looks great doing it.

+ Individuals with limited wrist and hand mobility benefit from the ease of operation that single-handle lever faucets afford.

+ Comfort Height® toilets are the height of a standard chair for ease of sitting and standing.

DESIGNING THE EXPERIENCE

EVERYTHING *in its place*

Keep your bathroom uncluttered and organized with helpful storage solutions from the shower to your styling space. With a place for everything, you'll be able to quickly find what you need and bring a new level of tranquility to your daily routines.

 Explore more ideas for storage in the bathroom at ideas.KOHLER.com/BathOrganization

Vanity Storage

- Create customized storage solutions and personalized design with the Tailored® vanity collection.
- Custom storage and accessory options ensure every hair dryer, toothbrush and tube of lipstick has its own place.

Medicine Cabinet Storage

- Multiple adjustable shelves create a custom storage solution to fit all your beauty items.
- Mirrored interiors let you find and use what you need without having to swing the door open and closed to use a mirror.

Shower Storage

- Shower Locker® units provide personal storage that discreetly blends into the environment.
- Shower bars offer support for mobility assistance and everyday routines such as scrubbing feet, shaving legs or stretching.
- Floating shower shelves can be placed anywhere in the shower, giving you the freedom to set up your shower storage any way you see fit.

SHOWERING SPACE

At Kohler we believe a shower should transform you and make the journey of your day more meaningful and memorable.

A shower can be the place you ease into the day's rhythm or wind down from the rush; a break from the craziness. It can be where you focus on you, or a space to reconnect. It can be a place to shift gears and experience water in a way that makes a difference.

As a one-stop showering shop, Kohler has everything you need to create an extraordinary showering space. Whether you're simply replacing a showerhead, remodeling an outdated space or building your dream home, we have it all.

While we believe a shower can be many things, it should never be ordinary. When you step into a KOHLER® shower, the only question is, where do you want to go?

EXPERIENCE

From designing the engine behind the wall and shaping the water that touches you to delivering solutions for your unique space, we are your showering experts. We help you create your dream shower from the ground up, with quality and integrity that will guarantee exceptional performance.

Spray Experience

Our sprays are designed to deliver experiences that take your daily ritual from ordinary to extraordinary. Whether you need to go from asleep to awake, spent to confident or sore to soothed, we transform water to transform you.

Valve Leadership

Engineered to ensure every showerhead, rainhead, handshower and body spray performs at its best, our valves have what it takes to meet the innovative functionality and exacting standards of today's custom showers.

Product Solutions

We create products to solve your design dilemmas. If you want to amplify your shower routine, choose from one or more sensory experiences like music, steam or light. If you prefer to simplify, we offer easy upgrades or prepackaged shower solutions.

EXPERIENCES GUIDE

SPRAY EXPERIENCES

At Kohler, we transform water to transform you. Our signature sprays are designed to take you from where you are to where you want to be—foggy to focused, rundown to revitalized or revved up to relaxed.

For more information, visit
[KOHLER.com/SignatureSprays](https://www.kohler.com/SignatureSprays)

Rinsing Sprays

Step beneath a rinsing spray and let yourself be transformed from foggy to focused. A full spray rinses your hair free of shampoo and leaves your skin feeling fresh and comfortably clean.

AVAILABLE ON Single- and multifunction showerheads and handshowers

Katalyst® Air-Induction Technology

This innovative technology produces larger, more luxurious water drops that retain heat longer by infusing air through the showerhead into the water stream.

Massaging Sprays

Find yourself transformed from sore to serene when you stand beneath a massaging spray. Targeted, pulsating streams of water massage and ease the tightness in your muscles.

AVAILABLE ON Multifunction showerheads and handshowers

Restoring Sprays

Treat yourself to a restoring spray and be instantly transformed from spent to confident. Designed to gently cleanse and soothe your skin, these sprays help you look and feel your best.

AVAILABLE ON Multifunction showerheads, handshowers and rainheads

Specialized Sprays

Be transformed from blah to blissful when you step under a specialized spray. And let unique functions like steam, music or a truly authentic summer rain transport you to another world.

AVAILABLE ON Multifunction showerheads, handshowers and overhead shower panels

SENSORY EXPERIENCES

Take your shower to the next level by adding one or more sensory experiences. You can combine steam, music and light together with DTV+™ or add stand-alone steam or music components.

Music

Bring your own music into the shower with SoundTile® speakers and amplifier, and never miss a beat.

- Engineered in close cooperation with Polk Audio, these water-resistant speakers deliver high-performance sound
- Equipped with *Bluetooth*® wireless technology for access to music and audio
- Includes input jacks for wired audio

The *Bluetooth* word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Kohler Co. is under license. Other trademarks and trade names are those of their respective owners.

Steam

Enjoy the soothing benefits of a hot steam right in your shower with Invigoration® Series steam generators.

- Fast-Response® technology delivers steam in less than one minute
- Power Clean™ feature eliminates manual flushing
- Generator constructed of durable insulated stainless steel

DTV+ Lighting

Let DTV+ control the lights throughout your bathroom when you add DTV+ switch modules. Connect DTV+ with up to three electrical outlets, including lighting, to enhance the bathroom environment.

- Connect bathroom lighting or task lighting
- Dim bathroom lights with the dimmer module
- Control fans or towel warmers

EXPERIENCES GUIDE

SPA EXPERIENCES

DTV+™ can take your daily shower ritual to another level with preprogrammed spa experiences. Each one features specific hydrotherapies and was inspired by one of three themes: Relaxation, Well-Being or Energy. Think of them as a playlist for your shower where the power of water, light, sound and steam can cleanse both body and mind.

The preprogrammed spa experiences are designed to deliver specific spalike benefits.

- The experiences vary in time and can be up to seven minutes long
- You can vary the time of the experience by repeating or skipping individual steps
- The intensity of each experience can be adjusted and saved as a user preset
- Any experience can be combined with audio, lighting and steam elements

Relaxation

Bask in the rejuvenating power of water and heat to target exhausted muscles and destress the mind from the daily grind with one of our relaxation experiences.

Well-Being

Become refreshed and renewed as water warms your pulse points and quickly envelops your entire body with one of our well-being experiences.

Energy

Jump-start your day with the feeling of contrasting hot and cool intervals cascading across your body with one of our energy experiences.

Water Delivery Zones

Rainheads + Primary Showerheads
target head

Adjacent Showerheads
target neck + shoulders

Body Sprays
target upper back

Foot Sprays
target lower legs + feet

AWAKEN YOUR SENSES

Only Kohler allows you to control water, light, sound, steam and spalike experiences to cleanse your body and clear your mind. Our spa solutions are designed to engage your five senses, helping to calm or energize as needed and offering more mindful showering experiences.

See

Illuminate your bathroom or control electrical accessories with DTV+™ switch modules. The DTV+ interface allows you to control up to three switch modules all at your fingertips.

Hear

SoundTile® water-resistant speakers deliver rich and luxurious audio quality to any space. Pair with the DTV+ amplifier using wireless technology to stream music, news and more from your favorite mobile devices.

Touch

Take your daily ritual to another level with preprogrammed spa experiences—each one is scripted with specific hydrotherapies in mind.

Smell

The Invigoration® Series steam generator control kit offers a steam head with built-in reservoir for adding your favorite aromatherapy scents.

Feel

Rain is a dynamic, multisensory experience. Individual droplets of varying size are seen and felt. The Real Rain® shower panel features a silicone sprayface and hundreds of randomly dispersed nozzles to make that experience possible.

COMPONENTS GUIDE

SHOWERING COMPONENTS

We offer solutions from floor to ceiling—showerheads, handshowers, rainheads and body sprays—all optimally designed to give you the best experience, water pressure and water usage for your task. Find one that's right for you or combine multiple components for a personalized experience.

Showerheads

PRIMARY TARGET Head, shoulders, back and face

FUNCTION Single and multifunction

BEST FOR Rinsing hair and general cleaning

REQUIRED Shower arm (shown)

Rainheads

PRIMARY TARGET Whole body

FUNCTION Single

BEST FOR Relaxing, spalike experience

REQUIRED Shower arm (shown)

Body Sprays

PRIMARY TARGET Shoulders, back or feet

FUNCTION Single

BEST FOR Relieving sore muscles with a hydromassage

Handshowers

PRIMARY TARGET Whole body

FUNCTION Single and multifunction

BEST FOR Rinsing off kids, bathing pets and cleaning the space

RECOMMENDED Slidebar, supply elbow, wall bracket

REQUIRED Shower hose

Slidebars

Allow you to adjust the height of handshower for individual users

Slidebar With Integrated Supply Elbow

Reduces the number of components on the wall and creates a simple, streamlined look

Shower Hoses

60" or 72" lengths—hose length depends on the task at hand and size of the shower

Ribbon, smooth or metal material—ribbon hoses are light and quiet; smooth hoses wipe clean with ease; and metal hoses are premium and long-lasting

Wall Brackets With Supply Elbow

Allow handshower to be used in larger showering environments, providing both the water supply and a bracket

Supply Elbows

Provide water supply; use with slidebar on one side and bracket on the other

Wall Brackets

Hold handshower in fixed position

COMPONENTS GUIDE

SOLUTIONS

Keep life simple by choosing easy upgrades or prepackaged showering solutions rather than undergoing a major remodel or piecing your components together separately.

HydroRail®/Shower Arm Diverters

HydroRail shower columns and shower arm diverters turn your shower into a spalike retreat without having to go behind the wall to reroute plumbing or change out the valve. The column mounts to existing plumbing. This means you simply remove the old shower arm and replace it with the HydroRail shower column or a shower arm diverter to create a custom shower experience.

Showering Kits

Simplify your design process by choosing from our showering kits. With complementary components in a variety of finishes, each kit is ready to go.

Handshower Kits

These kits include coordinated handshowers, slidebars and hoses.

HydroRail Kits (Shown)

Our HydroRail kits combine a HydroRail shower column with either a showerhead and handshower or rainhead and handshower.

Essentials Kits

Complete solutions, these kits include multifunction showerheads and handshowers, shower arms with diverters, slidebars and line-matched manual valve trim. Valves sold separately.

Trim Kits

Bath/Shower (Shown)

Bath/shower trim kits include a shower arm, manual valve trim and bath spout. Valve and showerhead sold separately.

Shower

Choose a complete trim kit with a showerhead, shower arm and manual valve trim. Or customize your shower experience by pairing any showerhead with a kit that includes a shower arm and manual valve trim.

TRIM OPTIONS

Manual or digital, our shower trim options help deliver precise control of your showering experiences. KOHLER® trim comes in a number of styles and finishes to help you design a showering space that is polished and elegant.

Manual

Trim

Trim for manual volume and temperature controls coordinate with our faucet designs and finishes. Choose pressure-balancing or thermostatic trim options to coordinate with your valve.

Digital

DTV Prompt®

The DTV Prompt interface features a large, easy-to-read display and intuitive push-button control system, operating up to three different outlets.

DTV+™

This simple touch-screen interface controls every element of your multisensory DTV+ showering experience—water, steam, music and lighting.

VALVES GUIDE

Engineered to ensure every showerhead, rainhead, handshower and body spray performs at its best, our valves have what it takes to meet the innovative functionality and exacting standards of today's custom showers. Create your ideal showering experience, and we'll help you choose the valve to power it.

PRESSURE-BALANCING VALVES

- Measure and maintain the temperature by keeping consistent water pressure inside the mixing valve
- Rapid response to pressure changes to prevent scalding
- All-in-one solutions that let you turn the shower on and off, as well as control water temperature, all with one handle
- Typically used in more basic applications like a traditional bath and shower
- High-flow pressure-balancing valves are available for a faster bath fill or custom shower application
- Transfer and diverter valve options allow you to expand the number of outlets you can control

BEST FOR Basic bath/shower and shower configurations

FLOW RATES 5.0 gpm up to 13.0 gpm

THERMOSTATIC VALVES

Manual

- Takes a basic shower to the next level
- Measures and maintains the actual temperature inside the mixing valve
- Ability to set a precise high temp limit for added safety
- Perfect for all applications from a basic bath/shower to more elaborate custom showers
- Transfer or diverter valves allow you to expand the number of outlets you can control

BEST FOR Bath/shower and shower configurations with multiple outlets

FLOW RATES 9.0 gpm up to 17.0 gpm

Digital

- The ultimate in clean design, functionality, performance and convenience
- Comprised of a digital thermostatic valve and an intuitive, easy-to-operate digital interface
- Can be used with basic or custom shower systems with options for music, lighting, steam and spa experiences

BEST FOR All bath/shower and shower configurations

FLOW RATES 13.0 gpm up to 42.0 gpm

DIGITAL VALVES

Why Go Digital?

Precision

Digital showers let you select and set the precise water temperature. With built-in features—user presets, warm up, pause and timer—you can create your perfect showering experience.

Control

With a digital system, multiple valve trims on the wall are replaced by a single easy-to-use digital interface. Add a second interface outside the showering space to activate and warm up your shower.

Customization

A digital shower system can be used for a single outlet or a fully customized showering retreat. DTV+™ lets you go even further by incorporating lighting, music, steam and spa experiences.

DTV Prompt®

DTV Prompt is our basic digital showering system with a choice of push-button interfaces to control either two or three outlets.

With a maximum flow of 13.0 gpm (8.0 gpm maximum flow from a single outlet), DTV Prompt is a perfect solution for multiple outlet systems such as showerhead, handshower and rainhead.

DTV+

Our most advanced digital showering system, DTV+ gives you the ability to control water, light, sound and steam with a touch-screen interface, for a true multisensory showering experience.

DTV+ KOHLER® Konnect

The DTV+ showering system with KOHLER Konnect™ app enables you to create and automate personalized showering experiences for sound, water, steam and lighting.

Water

DTV+ works with one or two valves. Choose from two-, three- or six-outlet valves to create your spalike experience.

Music

Add a KOHLER amplifier and SoundTile® speakers to introduce music into any showering experience. Amp yourself up for the day or unwind from the daily grind with your favorite playlist.

Steam

Add a steam adapter and steam generator to bask in the rejuvenating embrace of a soothing steam experience.

Lighting

Add lighting elements to control every aspect of the entire room's ambience. It will set the mood for your very own spa retreat.

SHOWERHEADS

If you love a straightforward, incredible spray experience every time you step into the shower, a single-function showerhead is ideal. The single-function showerheads shown here come with Katalyst® air-induction technology and are engineered to deliver simple, luxurious water experiences day in, day out.

EXHALE® SHOWERING COMPONENTS

Exhale's unique sprayface delivers a signature showering experience designed to calm your mind and invigorate your body. Inspired by the delicate petals of a dahlia, the design brings a gentle elegance to the shower. The silicone sprayface complements a variety of bathroom decors with its clean, soft appearance. Available in showerhead and handshower models, Exhale features up to four unique sprays: full coverage, drenching rain, intense massage and silk.

Full Coverage

Experience large, luxurious water drops that retain heat longer with the full coverage of Katalyst® air-induction technology.

Drenching Rain

An exhilarating, circular water pattern that creates a wide, drenching spray.

Intense Massage

A revitalizing and soothing massage spray to target sore muscles.

Silk

Enjoy soft, silky drops that are gentle on pets, kids and sensitive skin.

360-degree continuous rotation allows you to move smoothly between sprays, changing every 30 degrees.

The soft silicone sprayface is easy to clean—no protruding nozzles.

The wall-mount handshower bracket features an integrated water supply and volume control.

REAL RAIN®

Stand beneath the Real Rain showerhead and let the first few drops of a soft summer rain fall across your shoulders. Look up. Breathe. Let your mind's rhythm slow as the rainfall builds. Feel your body relax into the warmth. And let nature, in all its ordered randomness, rain over you.

Summon the Rain

When the gentle rain has quenched your skin and refreshed your spirit, invite the sky to open and the drenching cloudburst to pour over you. Let a deluge of water rush down, wash the weight of the day away, rinse you clean and bring you back to what matters.

Gentle Summer Rain

Calm, warm and inviting—gentle summer rain provides a full-coverage experience for easing into the day or unwinding from it.

Drenching Deluge

Central nozzles provide a more submersing experience with a deluge of water, but stay dry when not engaged—so that you can breathe easily while standing underneath the panel.

- A** | MEASURING 19" x 19", REAL RAIN OVERHEAD PANEL FEATURES 775 NOZZLES AND OFFERS AN INVITING, FULL-COVERAGE EXPERIENCE
- B** | SPRAYFACE IS SILICONE FOR EASY CLEANING AND SLEEK DESIGN
- C** | CENTER NOZZLES DELIVER THE DELUGE, BUT DISENGAGE WHEN INACTIVE SO YOU CAN BREATHE EASILY BENEATH THE PANEL
- D** | DELUGE RELEASES 0.5 GALLONS IN 8 SECONDS

Real Rain offers efficient water-conserving technology, using only 2.0 gallons of water per minute.

HANDSHOWERS

Handshowers are great for the family shower and can function in place of or in combination with a wall-mounted showerhead. Install your handshower with a sidebar and hose to enhance the functionality of your shower and accommodate a range of heights—encompassing adults and children.

STRUCTURE

From floor to ceiling and wall to wall, Kohler offers every type of product needed to create the dream shower that fits your budget and lifestyle. Our products are designed to work together to keep your shower organized and looking beautiful, making your daily shower feel like an escape from the world.

STRUCTURE GUIDE

SHOWER BASES

Our low and ultralow shower bases are made to last, easy to install and require very little maintenance. Available in a variety of sizes, shapes and colors, our shower bases provide durable, lasting style.

Sizes

A wide range of sizes are available to accommodate standard shower spaces, including options designed to replace an alcove bath.

Styles

We offer a number of shower base styles from traditional to modern that coordinate with our fixture collections.

Alcove

Neoangle

Integral Seat

Materials

KOHLER® Enameled Cast Iron

No other material offers the character and craftsmanship of KOHLER enameled cast iron. Its rich finish and lasting presence make a bold statement.

STRENGTH KOHLER enameled cast iron shower bases are durable enough to stand up to daily use by the whole family.

STYLE Go bold with deep hues or go subtle with pale tones.

SOUL Made In Kohler, Wisconsin, our cast iron shower bases embody over 140 years of KOHLER craftsmanship.

Acrylic

A strong, flex-resistant material, acrylic has a smooth finish that resists chipping and cracking, and is easy to clean.

Ballast® shower bases feature durable resin-concrete core construction, providing a solid, quality feel underfoot.

Other Considerations

Convenient features include concealed drains, slip-resistant surfaces and models with integrated seats.

Drain Options

Drains and drain covers are available in a variety of finishes and colors to complement your space.

Bases With Seats

Whether you'd like the comfort of a shower seat now or you're planning for the future, our spacious integral seats let you relax in the shower.

STRUCTURE GUIDE

WALLS & ACCESSORIES

Bring functionality and organization to your shower with the Choreograph® shower wall and accessory collection. Every detail has been considered, from the shower walls made from durable Serica® material to the innovative storage solutions that will keep any shower organized, comfortable and convenient.

Choose Your Shower Type

Whether you have a standard alcove shower or something more custom, the Choreograph collection has an answer for you.

- Simply choose a wall kit or individual walls to be easily custom-fit on-site
- For a custom shower, mix and match wall designs and colors with your choice of joints and trim

STRUCTURE GUIDE

SHOWER DOORS

A wide range of sizes and styles makes a KOHLER® shower door the ideal choice for your bathroom.

Size

KOHLER shower doors are available in a wide range of standard widths from 27" to 72" and heights from 55" to 89".

Types

Shower doors are available in a variety of configurations so you can select the option that works best in your space.

Pivot

Also called swinging or hinge doors, frameless and semiframed pivot shower doors swing open like a traditional door.

Sliding

Typically chosen for baths and large showers, frameless sliding doors overlap with a smooth, quiet sliding action.

Steam

Available in pivot models, our semiframed steam doors form a tight seal to hold in steam, creating a spa-like environment in your bathroom.

Style

We offer a number of shower door styles, ranging from classic to contemporary, to complement your overall bathroom design.

Finishes

Available in several finish options, our shower doors coordinate with KOHLER® faucets and accessories.

BATHING SPACE

As the place for restful relaxation or rejuvenating your mind and body, your bathing space should feel luxurious and comforting at once. Whether you're designing a new master suite or remodeling a guest bathroom, we can help you find the right combination of bath and faucet products to create a look and experience you love.

NO.
5

BATHS

KOHLER® baths are designed to conform to your body, helping you relax with just the right hydrotherapy, as well as to delight the eye. Whether your bath is primarily for you or for bathing children and pets, it's important to carefully choose features that work best for you.

We offer a wide variety of sizes, colors, materials and installations to fit your bathing needs. Choose from signature KOHLER hydrotherapy options to outfit your bath with the healing benefits of water. With a wide assortment of styles ranging from classic to contemporary and everything in between, you're sure to find your perfect bath.

BATH GUIDE

INSTALLATIONS

Freestanding

This installation option is ideal when the bath is the focal point of the room. Typically accessible from all sides, the freestanding bath highlights the beauty of the design.

Alcove

An alcove is a recessed nook or area within a room. Designed for three-wall alcove installations, this installation option features unfinished exteriors and tile flanges on three sides. Many of these fixtures include an integral apron to complete the design.

Under-Mount

Creating a clean, contemporary look, under-mount installation is perfect for designing a separate, personalized bathing space. The bath is mounted beneath your choice of deck material, such as tile, solid surface or natural stone.

Drop-In

Baths designed for drop-in installation have a self-rimming edge that rests on the deck material—such as tile or stone—that surrounds your whirlpool or bath.

Corner

Corner baths are five-sided, with a clover-shape bathing well, and designed to accommodate two bathers at once.

SIZES

Our baths are available in a variety of standard sizes so you can find the right fit for both your space and your family's needs.

- Under 5'
- 5'
- 5½'
- 6'
- Over 6'

MATERIALS & COLORS

Acrylic

A strong, flex-resistant material, acrylic has a smooth finish that resists chipping and cracking and is easy to clean.

KOHLER® Enameled Cast Iron

No other material offers the character and craftsmanship of KOHLER enameled cast iron. Its rich finish and lasting presence make a bold statement.

STRENGTH KOHLER enameled cast iron baths are durable enough to stand up to daily use by the whole family.

STYLE Go bold with deep hues or be subtle with pale tones.

SOUL Made In Kohler, Wisconsin, our cast iron baths embody over 140 years of Kohler craftsmanship.

Lithocast®

Our strong cast resin material allows for geometries with dynamic style that are hand-finished to create crisp detail that is full of character. Lithocast Matte has with a finish that captures the beauty of real stone. Lithocast Gloss has a full spectrum of designs that are lighter weight than Lithocast Matte baths and have an easy-to-clean gloss finish.

KOHLER cast iron baths installed in North America carry a Lifetime Limited Warranty for as long as the original consumer purchaser owns his or her home.

KOHLER acrylic baths installed in North America carry a Lifetime Limited Warranty for as long as the original consumer purchaser owns his or her home.

BATHS GUIDE

All of our baths are designed for comfortable, deep soaking. And to create even more enjoyable experiences, our four hydrotherapies harness water's natural ability to enhance well-being and give you the benefits of a spa treatment in the comfort of your own home, so you feel centered and energized—your best self.

HYDROTHERAPIES

VibrAcoustic®

Feel the music as you submerge yourself in a sound bath. Vibrations resound throughout your core with a targeted, powerful hydromassage that promotes a profound state of relaxation.

Effervescence

Immerse yourself in thousands of tiny, champagne-like bubbles for a gentle yet revitalizing massage. It's a warm embrace that helps quiet the mind and promotes a serene experience.

BubbleMassage™

Become soothed and renewed as bubbles deliver a blissful full-body massage that help center the mind and target muscle tension. Many models feature Heated BubbleMassage, which infuses heated air into the hydrotherapy experience.

Whirlpool

Rejuvenate and revitalize yourself with jets of water that help melt away the stress of the day and target muscle and joint pain.

Combination Hydrotherapies

Selected models offer combination hydrotherapies. The hydrotherapy experiences are operated from separate keypads, so you can control each one independently.

- Whirlpool + Effervescence
- VibrAcoustic + BubbleMassage
- Whirlpool + BubbleMassage

ADDITIONAL OPTIONS

Bask® Heated Surface

- Warm your neck, shoulders and back as you bathe
- Choose from three heat settings
- Stay warm longer and extend your bathing time

Wireless Music Kit

- Surround yourself with music as you bathe
- Syncs with devices enabled with *Bluetooth®* wireless technology
- Easy to install with any acrylic bath

The *Bluetooth* word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Kohler Co. is under license. Other trademarks and trade names are those of their respective owners.

Spa/Massage Package

- An additional ten backjets, two neckjets and chromatherapy offer the complete spa experience to remove stress and tension from your neck and back
- Available on Tea-for-Two® drop-in bath with Whirlpool + Effervescence hydrotherapy combination

THREE BATH DESIGNS

so many possibilities

We've expanded three of our most versatile bathing lines to make it easier than ever to create the bathroom of your dreams:

Tea-for-Two®, Archer® and Underscore®

- Offered in a wide range of sizes, shapes and installation types
- Available with KOHLER® hydrotherapies and upgrades
- Choose from seven gorgeous colors to coordinate with other KOHLER fixtures
- Designed to complement a variety of design styles

Tea-for-Two

Tea-for-Two, made of durable and rich KOHLER enameled cast iron, is designed to bring comfort for one or two bathers at a time.

 Explore the full line of Tea-for-Two baths at [KOHLER.com/TeaForTwo](https://www.kohler.com/TeaForTwo)

Archer

Inspired by craftsman furniture, Archer acrylic baths offer a deep soak at an affordable price. Beveled edges and curved bases provide a sophisticated style and clean shape that cradles your body.

 Explore the full line of Archer baths at [KOHLER.com/Archer](https://www.kohler.com/Archer)

Underscore

Streamlined design brings refined style and contemporary flair to your bathroom while allowing for a luxuriously deep soak. With our widest selection of options, there's an Underscore bath to fit everyone's needs. These acrylic baths are available in three shapes: rectangle, oval and cube.

 Explore the full line of Underscore baths at [KOHLER.com/Underscore](https://www.kohler.com/Underscore)

FREESTANDING BATHS

This installation option is ideal when the bath is the focal point of the room. Typically accessible from all sides, the freestanding bath highlights the beauty of the design.

KOHLER

BATH FAUCETS

Your bath faucet is an essential element in creating a bath space that functions just as exquisitely as it looks. We design our bath faucets to make a stunning statement not only on their own, but to coordinate and enhance the beauty of your bath—and the experience that follows. From freestanding to alcove baths, we have faucets to fit every installation type and finishes to complement every decor.

BATH FAUCET GUIDE

FAUCET FAMILIES

Our faucet families let you coordinate your entire bathroom with the same style and finish. From a range of sink faucet configurations to showering components and decorative accessories, our collections have the whole space covered.

INSTALLATIONS

Floor-Mount

- Features an integrated handshower for added convenience
- Single-handle models easily control water temperature and activation
- Carries water up from the floor, keeping the bath's deck uncluttered

Deck-Mount

- Simple to use
- Can be installed on stone, tile or onto the bath's surface

Wall-Mount

- Conceals piping behind the wall, making only the faucet spout and controls visible
- Keeps deck uncluttered for a clean look

BATH DRAINS

Select a drain to fit your bath model and a style and finish to complete the overall look of your bathroom. Some bath models require a specific drain, so be sure to check for compatibility.

PureFlo™ Drains

- Ideal for remodeling
- Add a decorative element to the bath
- Choose from a variety of stylish options
- Trim can be changed without accessing in-wall plumbing
- Mix your choice of trim with any of the drains

Clearflo Drains

- Choose from cable-activated, pop-up, toe-tap and slotted overflow models
- Designed to complement a variety of bathroom styles
- Fits nearly all baths

FINISHES

WARRANTY

We combine stunning design with steadfast performance to create KOHLER® bathroom faucets. As tough as they are beautiful, they're leak-free and on-task, standing up to twice the industry standard. Choose a KOHLER faucet and count on a lifetime of practical beauty. Visit [KOHLER.com/Warranty](https://www.kohler.com/Warranty) for full warranty details.

FLOOR-MOUNT FILLERS

Bath fillers mounted on the floor beside the bath feature an integrated handshower for added convenience. Single-handle models let you control water temperature and volume with ease. Most freestanding bath fillers require a mounting block to install. Please visit KOHLER.com/FloorMountFillers for details.

STYLING SPACE

At Kohler we offer everything you need to create a stylish, functional and efficient vanity area. Choose sinks, storage, faucets, mirrors and medicine cabinets, lighting, hardware and accessories for a cohesive, complete solution.

Whether you're looking to add efficiency to your morning, desiring a vanity where you can sit and pamper yourself, or hoping to make a design statement, the breadth of product options lets you personalize the look and function to your style and needs.

STYLING SPACE GUIDE

Styling spaces are the most multifunctional spaces in the bathroom, accommodating everything from simply washing your hands to your full morning routine with hair styling and makeup application. Most people begin by choosing either a vanity or pedestal sink and building the styling space around it. Below are a few considerations to help you decide which is right for you.

PEDESTAL-CENTRIC

The pedestal sink is often chosen for powder rooms where space may be limited and storage is less of a concern. Dual pedestal sinks can be an elegant choice for master bath styling spaces as well.

View pedestal sinks on page 125.

Lighting

Medicine Cabinet

Provides easy access at eye level to frequently used items.

Towel Ring

Pedestal Sink

Sink designs that feature wide decks work well for styling spaces that get daily use.

VANITY-CENTRIC

Going with a vanity makes the most sense when designing your primary styling space or one that is shared by multiple people. Ample storage and organization options simplify and elevate both your morning and evening rituals.

View vanities beginning on page 109.

Task Lighting

Mirrors and medicine cabinets that feature adjustable integrated task lighting can give you a truer picture of your appearance.

Mirror/Medicine Cabinet

Pair your vanity with a coordinated framed mirror or a medicine cabinet with a wood surround to complete the look.

Towel Ring

Faucet

Vanity Top

Vanity

With innovative storage options like electrical strips and organizing trays, everything you need is at your fingertips.

VANITIES

Bring the beauty of fine furniture and the organization of accessorized storage to your bathroom with KOHLER® vanities. Now with a place for everything, you'll be able to quickly find your toiletries and extra linens in no time.

We offer a wide variety of storage solutions. Our vanity and coordinating accessories let you personalize the space so it works with your routine, your life. Practical and beautiful, our vanities ensure every hair dryer, toothbrush and tube of lipstick has a place of its own.

VANITIES

Choose Your Style

The inspiration behind KOHLER® Tailored vanities is rooted deeply in a history of American designs—from Shaker-style influences to midcentury modern.

So whether you have traditional tastes or are looking for sleek, modern decor, Kohler has you covered.

Poplin.

Damask.

Jute.

Jacquard.

Marabou.

Choose Your Size & Configuration

From small powder rooms to the master bathroom, choose the right configuration for the look you want. Sizes run from 24 inches all the way up to 60 inches. Visit [KOHLER.com/TailoredVanityCollection](https://www.kohler.com/TailoredVanityCollection) to explore the possibilities.

Accessorize Your Tailored® Vanity

The KOHLER® Tailored vanity collection is designed to bring smart, personalized storage to your vanity space. In-drawer storage makes organizing makeup a snap and optional electrical outlets keep hair dryers and electric toothbrushes off the counter. Finish your look with either Tailored vanity hardware or hardware from our line-matched faucet families.

Choose Your Vanity Finish

From traditional to modern, choose the finish that best showcases your personality and ties the room together.

VANITY TOPS

If you've chosen a vanity, you'll need to find a coordinating vanity top to complete the look. We have designed our vanity tops in ceramic, enameled cast iron and solid surface to match exquisitely with our vanities. Installation options include one-piece integrated countertops and sinks, as well as pairing a countertop with an under-mount, drop-in or vessel sink.

VANITY TOPS GUIDE

CERAMIC/IMPRESSIONS®

Our integrated ceramic top with sink offers a seamless, easy-to-clean all-in-one solution for your space. Made of vitreous china, available in a range of sizes and complementary colors.

SINKS

Traditional to contemporary, pedestal to under-mount, ceramic to glass, and White to Bluestone Rutile—our sinks are a perfect fit in any bathroom. Whether you're building or remodeling, with Kohler it's easy to find unique design solutions that are right for you. Our sinks are easy to install, crafted from the finest materials and available in a range of colors that invite you to personalize your space.

SINK GUIDE

INSTALLATION TYPES

Under-Mount

- Mounts beneath the counter to create a seamless counter-to-bowl transition
- Ideal for those replacing a countertop
- Easy to clean from counter to bowl

Drop-In

- Features a lip that sits on the countertop
- Ideal for remodeling, drop-in sinks can easily be retrofitted into your existing counter

Vessel

- Rests on top of the counter
- A popular choice for powder rooms
- Wading Pool® sinks accentuate the movement of water

Wall-Hung

- Mounts directly on the wall using brackets
- Creates a clean, streamlined look
- Saves space in small bathrooms
- Frequently used in universal-design bathrooms

Pedestal

- Ideal for a small space or powder room
- Features a generous bowl size and ample deck space for soap and grooming essentials
- The narrow base saves floor space
- Available in a range of sizes

Console Table

- Attractive and practical bathroom solution with a rail for towels

HOLE CONFIGURATIONS

KOHLER® sinks have multiple hole configuration options to accommodate a variety of faucets.

No Faucet Drilling

Single-Hole

4" Centerset

8" Widespread

Hole configuration options vary by model.

MATERIALS & COLORS

Glass

Artist Editions® glass sinks are handcrafted in our glass studio in Kohler, Wisconsin, and are available in a variety of opaque and translucent colors. Color options vary by sink model.

Vitreous China

Vitreous china sinks are fired to be highly durable and easy to clean. Colors match perfectly across all bathroom fixtures, whether vitreous china or enameled cast iron.

Enameled Cast Iron

No other material offers the character and craftsmanship of KOHLER® enameled cast iron. Built to last for generations, it makes an enduring statement of beauty in your home with strength, style and soul. Visit [KOHLER.com/Warranty](https://www.kohler.com/Warranty) for full warranty details.

UNDER-MOUNT SINKS

These sinks mount beneath the counter to create a seamless counter-to-basin transition.

Sleek style and ease of cleaning give this installation type its appeal.

Shagreen Design

Inspired by oil spot glazes, the Shagreen collection celebrates the subtle coloring and distinctive pebbled texture of natural shark and ray leather. A striking compliment to both Carillon® and Caxton® bathroom sinks, its rich glazed finish shows iridescent pearly tones and a gently granulated texture.

Sartorial™ Design

The Sartorial collection exemplifies elegance etched with artistry. Available in two distinct designs, Sartorial pays homage to two of the most iconic textile patterns of their eras—herringbone and paisley. Herringbone strikes a retro-nouveau note while paisley draws upon its timeless Persian charm. Pair either design with Carillon® or Caxton® bathroom sinks.

MEDICINE CABINETS & MIRRORS

KOHLER® medicine cabinets and mirrors are stylish, sophisticated and well-crafted. Giving you added organizational space and shadowless lighting, our Verdera® lighted medicine cabinets and mirrors make grooming tasks easier than ever before. Choose between our storage-rich medicine cabinets and coordinating mirrors.

Filled with convenient features like adjustable shelves and mirrored interiors, our medicine cabinets are rust-resistant and designed to complement your space and organizational needs—flawlessly.

Mirrors can introduce a bold design statement into your space or be a subtle reinforcement of your existing design. A simple solution when extra storage isn't a requirement, our mirrors offer optimally bright, even lighting and are available in several sizes and styles that will make you see your bathroom in a whole new light.

MEDICINE CABINETS & MIRRORS GUIDE

INSTALLATION TYPES

KOHLER® medicine cabinets come in two installation types: surface-mount and recessed. Our variety of dual-mount medicine cabinets can be installed either surface-mount or recessed.

Surface-Mount

The cabinet or mirror mounts to your wall, no cutting required. Side kits are recommended for a polished look.

Recessed

The cabinet installs between the studs in your wall. You'll need to cut into the wall to install and build the cabinet framework.

OR

Dual-Mount

Note that some medicine cabinets can be installed either surface-mount or recessed.

SIZES

To ensure the proper fit for your medicine cabinet or mirror, begin by measuring the width of your vanity. Typically your medicine cabinet or mirror should be narrower or the same width as the vanity.

To determine the height, measure the distance between your lights and faucet. Choose a size that provides clearance above the faucet and below the lights.

Integrated lighting can replace sconces to widen the mirror over the vanity.

Medicine Cabinet Mirror Size (Width)	Coordinating Vanity Sizes			
15"	20" single-basin	24" single-basin		
15" (two)	60" double-basin	72" double-basin		
20"	20" single-basin	24" single-basin	30" single-basin	
24"	24" single-basin	30" single-basin	36" single-basin	
34"	36" single-basin	48" single-basin	60" single-basin	72" double-basin
40"	48" single-basin	60" single-basin	72" double-basin	

Lighted medicine cabinets are available in sizes 20"–40".
Lighted mirrors are available in sizes 24"–40".

ADDITIONAL CONSIDERATIONS

Verdera® Voice Lighted Mirror With Amazon Alexa

- Amazon Alexa-enabled to play music, hear the news, check weather, control smart home devices, and more
- Well-designed seamless integration of Amazon Alexa minimizes clutter and delivers optimal interaction

Lighted Medicine Cabinets & Mirrors

- Verdera lighted medicine cabinets and mirrors deliver bright, even lighting exceptionally close to natural light
- Verdera Voice lighted mirror with embedded voice-control transforms your time in the bathroom from hands-on to hands-free

Adjustable Mirror

- Verdera cabinets feature an adjustable magnifying mirror option
- Slides up and down to accommodate people of different heights
- Lays flat on the door when not in use

Framed Mirrors & Medicine Cabinet Surrounds

- Kohler offers a variety of mirrors with decorative frames in select sizes
- The Tailored® vanity collection features framed mirrors and medicine cabinet surrounds that match the style and finish of the vanity

Side Kits

- Provide a finished look to surface-mount medicine cabinets
- Available for all surface-mount medicine cabinets and included with “CL” cabinets, Devonshire®, Archer®, Bancroft®, decorative silver and Oil-Rubbed Bronze framed cabinets
- Choose from a range of finishes that match the Tailored vanity collection

Joining Kit

- Cabinets can be grouped or “joined” together
- Simplifies process of joining together multiple medicine cabinets horizontally

*Compatible with Verdera, CL Series and Catalan® medicine cabinets

Hinges & Components

- Most cabinets can be installed with the hinges on the left or the right, which will determine door swing orientation
- Slow-close hinges make opening and closing seamless and prevent slamming
- Adjustable shelves for personalized storage needs

MEDICINE MIRRORS & CABINETS

We've designed our medicine cabinets to help you reduce clutter in the styling space and organize all of your essentials within easy reach.

TURKISH BATH LINENS

Spoil yourself with our new line of plush Turkish Bath Linens, made of 100% Turkish cotton. The collection includes towels in a range of sizes along with a bathrobe and bath rug. And, with three patterns available in four classic shades, these plush Turkish Bath Linens will no doubt become one of your bathroom essentials.

TURKISH BATH LINENS

GET COZY WITH KOHLER

Wrap yourself in the plush warmth of an authentic Turkish cotton towel. Turkish towels (sometimes called peshtemal, hammam or fouta towels) are crafted from 100% Turkish cotton, which is known for its premium feel and extra-long fibers. Kohler has you covered with five sizes of towels within the collection, including large bath sheets, bath towels, hand towels and wash cloths.

Three woven patterns

KOHLER® Turkish Bath Linens are crafted in Turkey and are offered in three classic patterns: Terry, Textured and Tatami. The Tatami pattern comes from the woven straw mats sometimes used as floor covering in traditional Japanese design. This towel pattern is only available from Kohler.

Terry

Woven with long, thick terry cloth loops with a rich 700-gram weight that creates a luxurious drape.

Textured

A waffle weave offers luscious texture with extra-long staple cotton for optimal absorbency.

Tatami

Inspired by traditional Japanese designs, this pattern perfectly balances bold lines with minimalist appeal for distinctive style and rich texture.

Four classic shades

White

Clean and crisp, it is a perfect fit for any style.

Dune

A subtle, neutral shade that lends a calm, soothing feel to any space.

Truffle

Quiet, yet compelling, it adds depth to the room.

Thunder™ Grey

A deep gray makes a statement in traditional, contemporary or transitional settings.

Turkish Bath Linens bath sheet with Textured weave K-31056-TX-TRF

Bathrobe

Slip into a plush KOHLER® bathrobe. Available in White and crafted from 100% Turkish cotton.

Bath Rug

Stay comfortable stepping out of your bath or shower with a premium bath rug.

SINK FAUCETS

Our faucets and accessories allow you to design bathrooms that are tailored expressions of your personal style. It's simply a matter of settling on a design and finish that's right for you and choosing the components you'll need. We've done the rest of the legwork for you.

We take the extra time to precision-engineer each element of every faucet, from design to manufacture. To ensure KOHLER quality, our faucets are hand-inspected and tested well beyond the industry's most rigorous standards.

FAUCET GUIDE

FAUCET FAMILIES

Our faucet collections let you coordinate your entire bathroom with the same style and finish. From a range of sink faucet configurations to showering components and decorative accessories, our collections have the whole space covered.

CONFIGURATIONS

Single-Handle Faucets

- Control water volume and temperature with a single handle
- Designed for sinks with a single hole or 4" with escutcheon
- Suitable for sinks with three holes when used with an escutcheon plate

Centerset Faucets

- The spout and handles make up one connected piece
- Compact and space-efficient design is ideal for small spaces
- Fit sinks with three faucet holes that measure 4" from one side to the other

Widespread Faucets

- A great addition to larger vanity areas and pedestal sinks
- Feature UltraGlide® valves with dry stem technology to prevent leaks
- Require three faucet holes that measure 8" to 16" from one side to the other

Vessel Faucets

- Known as Tall or Tower models
- Designed to accommodate KOHLER® Vessel and Wading Pool® above-counter sinks

Wall-Mount Faucets

- Mounted on the wall behind the sink
- Ideal for above-counter, wall-mount and under-mount sinks
- Helps keep the countertops clear

ACCESSORIES

Decorative Accessories

- Includes towel bars, robe hooks, towel rings, toilet tissue holders and more
- Line- and finish-matched to faucet collections

Cabinet Hardware

- Cabinet knobs and drawer pulls that coordinate with your style
- Available in finishes to match your faucets

Lighting

- Task lighting helps illuminate daily routines
- Single, double or triple sconces are available to put the finishing touch on your design
- Available in finishes to match your faucets

Grab Bars

- Available in a range of sizes, from 9" to 48", to fit your space
- Provide extra support where you need it

WATER SAVINGS

Most of our bathroom sink faucets carry the WaterSense® label. This means they use at least 45% less water than standard 2.2 gpm faucets while still meeting strict performance guidelines.

WARRANTY

We combine stunning design with steadfast performance to create KOHLER® bathroom faucets. As tough as they are beautiful, they're leak-free and on-task, standing up to twice the industry standard. Choose a KOHLER faucet and count on a lifetime of practical beauty. Visit [KOHLER.com/Warranty](https://www.kohler.com/Warranty) for full warranty details.

TOILET SPACE

We push flushing power, bowl cleanliness and toilet design to the leading edge. We never compromise. Why should you?

TOILETS

Never Compromise on Performance

Performance means reliable power without wasting water.

Better Flush. Cleaner Bowl.

It's no secret that a better flush gives you a cleaner bowl, which is why we never compromise when it comes to flushing power or bowl cleanliness. Our "never compromise" attitude has resulted in our most perfect flush yet: Revolution 360® swirl flushing technology. Our Revolution 360 swirling flush sends 360 degrees of water through the bowl for complete coverage that leaves nothing behind.

Kick Your Plunger to the Curb.

The driving force behind our powerful flushing is the AquaPiston® engine. AquaPiston is a canister flush valve that allows water to flow into the bowl from all sides, as opposed to the restricted entry of a traditional flapper, increasing the power and effectiveness of the flush. In short, AquaPiston packs a powerful punch to eliminate clogs without wasting water.

Wipe Out Dirt.

The base of the toilet can be the hardest area to clean, so our clever designers created toilets with smooth bases. Eliminating the nooks and crannies of a traditional toilet gives dirt fewer places to hide, and it makes our toilets incredibly easy to wipe down and keep clean.

Saving Water Is for the Birds.

And fish. And animals. And people. And the future. We work toward balancing the right amount of water with the perfect amount of power for a water-efficient flush that packs a serious punch.

KOHLER.com/ToiletSatisfactionGuarantee

We're confident in the performance of our toilets and smart seats, and we want to ensure that you and your customers are too.

TOILET GUIDE

TOILET TYPES

Intelligent

Offering superior comfort and cleaning, intelligent toilets simply deliver a better experience, top to bottom. From heated seats and warm-water cleansing to automated flushing and more, our intelligent toilets help redefine one of life's most basic rituals.

Leading-Edge Design

Intelligent toilets feature an innovative tankless design that makes a stunning style statement.

Dynamic Cleansing

A warm-water wand, precision air dryer and a deodorizing filter provide personalized cleansing.

Personalized Comfort

Temperature, cleansing settings and more can be controlled with an intuitive touch-screen remote.

Wall-Hung

Ideal for bathrooms with a limited footprint, wall-hung toilets feature a sleek, easy-to-clean design. With a hidden in-wall tank, only the bowl and flush plate are mounted to the wall, resulting in a streamlined profile that simplifies cleaning and saves up to 12" of space over standard floor-mount toilets.

One-Piece

One-piece toilets are crafted from one single piece of ceramic, so the bowl and tank are integrated. This eliminates the seam between the bowl and tank, which means the toilet is easier to keep clean. Available with a concealed or skirted trapway, each one-piece toilet comes with the seat included.

Two-Piece

This is the most common type of toilet, and it offers great value. A separate tank and bowl are assembled together. Bowls are also available with concealed or skirted trapways and seats are sold separately.

TOILET LENGTHS

Elongated Bowl

- Fits most residential spaces
- Provides added room and comfort for seating

Compact Elongated Bowl

- Fits the elongated bowl into a round-front toilet footprint
- Saves up to 10 percent more space than an elongated bowl
- Offers added room and comfort for seating compared to a round-front toilet

Round-Front Bowl

- Requires less space
- A good solution for small spaces

SEAT HEIGHTS

Standard Height

- Traditional-height toilets are ideal for small statures
- Low-profile models are perfect for small spaces

Comfort Height®

- Sit at chair height—approximately two inches higher than standard-height toilets
- Makes standing and sitting easier
- Many are ADA-compliant when installed per applicable guidelines

Custom Height

- Wall-hung toilets can be positioned at a custom height from 15¾" to 28½" to accommodate a range of statures
- Raised bowl allows cleaning underneath

TOILET GUIDE

TRAPWAY STYLES

Skirted Trapway

Offers an easy-to-clean smooth surface from front to back.

ReadyLock™

We make it easy to enjoy the clean design of a skirted toilet. Our innovative, patented installation system doesn't require drilling, caulk or special tools, and it offers a secure installation.

Concealed Trapway

Features a smooth trapway surface that's easy to wipe clean.

Clean Caps®

Clean Caps low-profile toilet floor bolts and caps make it easier to clean even the hardest to reach areas of the toilet. Offered on all concealed trapway toilets, or sold separately as individual kits.

Exposed Trapway

Traditionally designed, exposed trapways can be seen from the side of the toilet.

Bolt Caps

Exposed trapway toilets are fitted with standard caps to cover the bolts that attach the toilet to the floor.

FLUSH TYPES

Single-Flush

- The AquaPiston® flush engine flushes over 2 pounds of bulk waste—4x more than is needed for the average adult—to eliminate clogs
- Most single-flush toilets save water by using only 1.28 gallons of water per flush
- Revolution 360® swirling flush keeps your bowl cleaner 2x longer than a conventional flush

Dual-Flush

- Buttons or levers offer the choice between a half or full flush
- Saves water by using as little as 0.6 gallons of water for a light flush and up to 1.6 gallons for a full flush

BOLD PERFORMANCE

Packed Into a Powerful 1.0-Gallon Flush

The new, ultrahigh-efficient Highline® toilet combines style and function with a water-conserving 1.0-gallon flush in a clean design.

The 1.0-gallon flush exceeds MaP (Maximum Performance) requirements for removing solid waste in a single flush, and it reduces water use by more than 35 percent over 1.6-gallon toilets. That means water savings of approximately 4,500 gallons of water per toilet, per year.*

*Based on average household of four, each flushing 5.1 times daily, 365 day a year.

OTHER CONSIDERATIONS

Rough-In

Most bathrooms have a standard 12" rough-in (the measurement between the wall and outlet pipe). We also offer 10" and 14" options.

WaterSense®-Labeled Toilets

WaterSense toilets meet strict EPA flushing guidelines, including using at least 20 percent less water than 1.6-gallon toilets. Look for the WaterSense label as you shop.

Shop by Style

Our product sections throughout the book are organized by style—each section beginning with traditional and ending with modern designs.

INTELLIGENT TOILETS

Once you experience an intelligent toilet, you'll wonder how you ever lived without one. A warm seat relaxes you, a soft spray cleanses you, a gentle breeze dries you. And you feel a cleaner kind of clean. It's a must-have for the modern spa bathroom experience. Every KOHLER® intelligent toilet includes:

- Motion-activated, hands-free opening and closing of cover and an automatic flush
- Advanced cleansing functionality with self-cleaning wand, precision air dryer and deodorizing filter
- Touch-screen remote control with wall-mount docking station
- Warm-air drying system with adjustable temperature settings and heated seat
- One-piece tankless design
- LED lighting to illuminate the bowl and conveniently serve as a nightlight

BETTER FLUSH. CLEANER BOWL.

Revolution 360®

Revolution 360 swirl flushing technology sends water around the entire bowl for complete coverage that leaves nothing behind.

CleanCoat™

CleanCoat technology prevents nasty things like bacteria, mildew and mineral deposits from sticking, so your toilet stays clean longer.

ContinuousClean

ContinuousClean technology automatically fights grime, germs and stains with every flush to keep your bowl clean longer.

A Better Flush Gives You a Clean Bowl

Combined, these technologies give you our cleanest flush yet.

Corbelle® Comfort Height®
ELONGATED TOILET WITH SKIRTED TRAPWAY
1.28 gpf | K-3814
With ContinuousClean | K-5709

Set up ContinueClean in three simple steps

On select toilets, ContinuousClean technology is factory-installed and built into the tank. Setup is quick—just follow the three steps below. And once you set it up, you don't have to worry about it again until the light indicates you need new cleaning tablets. ContinuousClean gives you a truly self-cleaning toilet because there are no buttons to push. It simply cleans automatically and consistently with every flush.

Step 1: Insert two toilet bowl cleaning tablets

All you need are two puck-style toilet cleaning tablets of your choice. Once you access the inside of the tank, open the blue reservoir and place the two cleaning tablets inside. Two cleaning tablets cost approximately \$6, are widely available in retail stores and online and have a lifespan of approximately one year.

Step 2: Set the dial

Three settings let you decide how much cleaning power goes into each flush:

- ☞ is the recommended dose of cleaning agent
- is less cleaning agent
- + is more cleaning agent

Step 3: Look for the blue light

ContinuousClean comes with two AAA batteries, so there are no cords to worry about. The batteries power the LED indicator light that lets you know the system is working. After inserting the batteries and the tablets, look for a blue pulse (one-second in duration) that indicates the system is working properly and cleaning solution is being delivered.

TWO-PIECE TOILETS

Two-piece toilets feature the traditional design of a separate tank and bowl. Two- and three-bolt installation systems provide a sturdy, level connection between the tank and bowl, making installation easy. Toilet seats are sold separately.

TOILET SEATS

We design toilet seats with the same thoughtful care and innovative drive we put into all of our products—always with the aim to make your experience more comfortable and your home more beautiful. From guiding you in the night to providing warm-water cleansing, our toilet seats bring smart solutions to the bathroom.

Smart

Our smart seats go well beyond the standard toilet seat in bringing comfort and cleanliness to your experience. Personal cleansing and deodorizing features give you added confidence throughout the day, while LED lights keep you safe at night.

Quick & Quiet

Unique installation features make KOHLER® toilet seats fast and easy to install the first time and each time you want to remove and reinstall the seat for thorough cleaning. And we know how frustrating slamming seats can be so we've designed a slam-proof feature as well.

Secure

We design our seats to fit you and your family comfortably and to fit the toilet securely. So whether it's rubber bumpers to grip the bowl tightly or a seat that's designed for both adults and children, we have you covered.

TOILET SEATS GUIDE

UPGRADED FEATURES

All KOHLER® toilet seats are ergonomically designed to provide comfort and style. Our smart seats offer a range of additional features, from deodorizing options to enhanced personal hygiene, depending on the model.

Cleansing

Toilet seats with personal cleansing functionality feature naturally soothing water as a refreshing alternative to toilet tissue alone.

Purefresh®

A carbon filter, intuitive fan and scent pack located in the seat's hinge neutralize bathroom odors while filling your room with a light, fresh scent.

Nightlight

Featuring two LED lights, lighted toilet seats help guide you to your toilet in the dark and illuminate the bowl when the lid is lifted.

CONVENIENT FEATURES

Quiet-Close™ Technology

Prevents lid and seat from slamming

Quick-Release™ Hinges

Let you easily remove the seat for a thorough cleaning

Quick-Attach® Hardware

Speeds seat installation

Grip-Tight Rubber Bumpers

Keep the seat from shifting

SEAT SHAPES

PUREWARMTH™ TOILET SEAT

PureWarmth

HEATED TOILET SEAT

K-10349

Customize Your Comfort

Treat yourself to the luxurious comfort and soothing ambience of the PureWarmth heated toilet seat with LED nightlight. With PureWarmth, you can adjust the seat's heat level and lighting color/brightness just the way you like.

- Three adjustable warmth settings: Low, medium and high
- Nightlight is adjustable in a variety of colors and brightness levels
- Compatible with the KOHLER® PureWarmth app to adjust seat warmth, lighting brightness, color choice and set daily schedule
- Hidden cord provides a clean look

PureWarmth at a Glance

App Compatibility

Compatible with the KOHLER PureWarmth app to adjust seat warmth and lighting brightness to your daily schedule.

LED Lighting

Dual LED lighting offers guiding light when lid is down and task light when lid is lifted.

Heated

Heated toilet seat includes three adjustable warmth settings for ultimate comfort: low, medium and high.

Purefresh®

DEODORIZING TOILET SEAT

Elongated | K-5588
Round-front | K-5589

The Sweet Scent of Victory

Our Purefresh toilet seat knocks out unwanted smells by combining a deodorizer to neutralize odors and a built-in freshener that releases a light scent. We never compromise when it comes to clean. Why should you?

- A carbon filter deodorizing system is concealed in the seat's hinge
- Battery-operated; no cords or outlets required
- Quiet fan moves fresh air over the scent pack, emitting a subtle fragrance
- Easily replace batteries, carbon filter and scent pack without removing the seat
- Integrated nightlight with automatic eight-hour cycle
- Choose from Garden Waterfall, Soft & Fresh Laundry or Avocado Spa scents

Nightlight

TOILET SEAT

Easy on the Eyes

The dual LED lighting on nightlight seats provides optimal light intensity for guidance without disturbing your nighttime vision.

- Choose between two brightness levels: a soft glow or a brighter illumination
- Color-matched plastic hinges
- Dual LED lighting includes guiding light when lid is down and task light when lid is lifted
- Illumination cycle with automatic seven-hour nightlight
- Battery-operated—no electrical cords required
- Up to 6 months of battery life (uses 4 AA batteries, not included)

*Memoirs console table legs are available in -CP, -BN, -BV and -2BZ finishes.

Acrylic

A strong, flex-resistant material, acrylic has a smooth finish that resists chipping and cracking, and is easy to clean.

ADA-Compliant

ADA-compliant products will comply with the Americans with Disabilities Act when installed per the requirements of the accessibility guidelines.

Alcove

An alcove is a recessed nook or area within a room. Fixtures designed for corner or three-wall alcove installations feature unfinished exteriors and tile flanges on two to three sides. Many of these fixtures include an integral apron to complete the design.

Bath

KOHLER® baths are ergonomically crafted to gently support the natural curves and angles of your body.

BubbleMassage™

BubbleMassage technology pushes air through airjets positioned along the perimeter of the bath, creating thousands of bubbles for a range of tactile and visual sensations. Available on select models, Heated BubbleMassage baths incorporate heat into the airjets.

Centerset Faucet

Compact and space efficient, a centerset faucet fits three-hole sink drillings that measure 4" from one side to the other. It often has a connected spout and handles, although sometimes the spout and handles are placed close together instead.

Chromatherapy

Chromatherapy uses lights placed around the bath to infuse the water with color. Choose a repeating sequence of eight hues, or choose the color that suits your mood.

CleanCoat® Technology

This glass surface treatment makes it easier to remove hard water spots by creating a protective barrier that repels water and prevents dirt and minerals from collecting.

Cleansing Toilet Seat

A soothing, fresh alternative to toilet tissue, a cleansing toilet seat features integrated bidet functionality for a soft, aerated wash.

Comfort Height® Toilet

The height of a toilet bowl (with seat) that stands at the same height as a standard chair, measuring between 17" and 19" for maximum comfort and ease when sitting down or standing up.

Concealed Trapway

This feature provides a clean transition at the back of the toilet base, hiding the trapway for aesthetic and cleanability purposes.

Console Table

A beautiful accompaniment to KOHLER vanity-top sinks, console tables work well in bathrooms where extra storage isn't essential. Designs range from clean and crisp to intricate and ornate.

Digital Interface

Our digital showering system features intuitive electronic controls that allow you to operate and customize your shower experience at the touch of a button.

Digital Showering System

Our precision-engineered digital thermostatic valves (DTV Prompt® and DTV+™) can run and control multiple showering components with digital controls.

Diverter Valve

A diverter valve directs water to multiple outlets, such as to the bath faucet or the showerhead, allowing you to control separate components with just one valve. This valve can be used with a Rite-Temp® pressure-balancing valve or thermostatic and volume control valves.

Double-Sink Vanity Top

Designed for busy bathrooms, a vanity top with two sinks provides plenty of room for simultaneous use by two people.

Drop-In

A drop-in sink or bath has a rim or lip that rests on the counter while the basin or bath rests below. Ideal for remodeling, a drop-in sink can be easily retrofitted to an existing counter.

DryLock™

A simple system for connecting the toilet tank and bowl on a two-piece toilet, eliminating bolt holes in the tank and requiring only a socket wrench.

Dual-Flush

A water-saving flushing technology that lets you choose either a half flush or full flush.

Effervescence

Effervescence hydrotherapy is designed to move water and air gently through unique ports to create champagne-like bubbles that cling to your skin and pamper your body.

Elongated Bowl

A toilet bowl having dimensions of approximately 14" wide by 18½" long (from the center of the seat hinge holes to the front edge of the outside rim).

Enamel

A powder coating applied to an iron casting. When exposed to high temperatures, the coating melts and bonds to the casting, creating a glass-like surface. The thickness of KOHLER® enamel provides outstanding protection against chipping and scratching while offering deep color integrity.

Freestanding

This installation option is ideal when the bath is the focal point of the room. Often accessible from all sides, the freestanding bath highlights the beauty of the design.

Fully Glazed Trapway

All KOHLER toilets have glaze applied to the trapway—the passageway inside the bowl—for a smooth surface that ensures a strong, complete flush.

GPF

An abbreviation for "gallons per flush," a term used when discussing water consumption for toilets.

GPM

An abbreviation for "gallons per minute," a term used when discussing water flow rates for showerheads and handshowers.

Gravity-Fed Toilet

A toilet that relies on the natural downward pressure of water in a toilet tank to flush the toilet effectively.

Grip-Tight Rubber Bumpers

Located on the underside of the toilet seat, Grip-Tight rubber bumpers grip the bowl to add stability and prevent shifting.

Handshower

A great option for the family shower, handshowers can function in place of or in combination with a wall-mounted showerhead. We offer both multi- and single-function handshowers.

Integral Apron

Some bathtubs fit into a three-wall recess, which is ideal for a bath/shower installation. Many alcove baths include an integral apron that helps make installation hassle-free.

Integral Flange

Several baths and whirlpools have an integral flange or flat rim along the edge of the bath that attaches directly to the studs, helping to prevent water from seeping behind the bath, tiles or surround.

Katalyst® Spray

Katalyst spray is a revolutionary air-induction system that intensifies water's rinsing ability and makes each drop feel bigger and perform better.

KOHLER Enameled Cast Iron

KOHLER enameled cast iron is made in part with recycled material, comes in an array of colors and has a Lifetime Limited Warranty.*

Komotion® Spray

One of the four flow options on Flipside®, products, Komotion has a circular pattern for a deeper sense of an exhilarating massage.

Kotton® Spray

Kotton, one of the flow options on Flipside® handshowers and showerheads, it creates a soft, enveloping sense of relaxation.

Koverage® Spray

Koverage delivers a full-face spray for superb rinsing performance. It's featured on Flipside products.

*Visit KOHLER.com/warranty for full details.

Kurrent® Spray

Kurrent, featured on Flipside®, eases away aches and pains and revitalizes with a targeted massage spray.

One-Piece Toilet

A toilet in which the tank and bowl are manufactured as a single vitreous china fixture. Typically, one-piece toilets have a lower profile than two-piece toilets, with some featuring a Comfort Height® bowl.

Pivot Door

Also called a swinging or hinge door, a pivot shower door swings open like a traditional door and provides an easy-to-access, open shower environment and a clean, sophisticated look.

Quick-Release™ Functionality

Functionality that allows you to unlatch the hinges of the toilet seat for easy seat removal and convenient cleaning; no tools required.

Round-Front Bowl

A toilet bowl having dimensions of approximately 14" wide by 16½" long (from the center of the seat hinge holes to the front edge of the outside rim).

Sliding Doors

Typically chosen for baths and large showers, sliding doors overlap with a smooth, quiet sliding action.

Lithocast® Material

Our strong cast resin material allows for geometries with dynamic style that are hand-finished to create crisp detail full of character. Lithocast Matte has three modern designs with a finish that captures the beauty of real stone. The new Lithocast Gloss has a full spectrum of designs that are lightweight and have an easy-to-clean gloss finish.

Overflow Drain

Some sinks have a hole that lets water drain to help prevent overflow.

Pressure-Balancing Valve

The Rite-Temp® pressure-balancing valve lets you precisely control your water temperature; three degrees of handle rotation changes the temperature by 1°F. If the cold water supply is interrupted, the valve will automatically reduce the water flow.

Quiet-Close™ Technology

A KOHLER® technology that allows a toilet seat to close gently instead of slamming.

Semiframeless vs. Frameless

A semiframeless bath or shower door has a metal frame mounted to the edges of the glass, adding structure. On a frameless door, heavier, thicker glass eliminates the need for structural framing and creates a sleek, contemporary look.

Smart Toilet Seat

A smart seat offers a range of additional features, including deodorizing options, enhanced personal hygiene and integrated lighting, depending on the model.

MasterClean™ Sprayface

A MasterClean sprayface resists mineral buildup and makes cleaning easy.

Pedestal Sink

A stand-alone fixture, the pedestal sink features a generous bowl available in multiple sizes and styles to complement other fixtures.

Quick-Attach® Hardware

Innovative toilet seat hardware speeds installation and provides a tighter, more secure fit.

Rainhead

Featuring Katalyst® spray technology, KOHLER rainheads deliver a powerful, thoroughly drenching shower experience.

Single-Handle Faucet

A single-handle faucet allows you to control water volume and temperature with a single handle—typically placed above the spout. It is designed for sinks with a single hole or, when combined with an escutcheon plate, for sinks with three centerset holes.

Thermostatic Valve

A valve system that separates volume and temperature controls. Our MasterShower® thermostatic valve—featuring an innovative shuttle design—gives you total control of your shower environment. The one-piece forged-brass body is built to last and eliminates potential leak paths.

Transfer Valve

Used in conjunction with a Rite-Temp® pressure-balancing valve or with thermostatic and volume control valves, the three-way transfer valve lets you choose from six different outputs with a simple turn of the handle.

Trip Lever

A lever, often a handle, depressed to initiate the toilet flush cycle. Factory-installed trip levers have a Polished Chrome finish; optional trim kits offer trip levers in other finishes.

Vanity-Top Sink

Designed to coordinate with KOHLER vanity and console table styles and sizes, vanity-top sinks fit snugly over the entire cabinet or table and act as both counter and basin.

Vitreous China

A term applied to plumbing fixtures that are comprised of ceramic materials, fired at a high temperature to form a nonporous body with exposed surfaces and coated with ceramic glaze.

Whirlpool

KOHLER whirlpools deliver powerful directed massage with jets that are fully adjustable in direction and massage intensity.

Trapway

The channel in a toilet that connects the bowl to the waste outlet. The trapway is where siphonic action takes place, and it's measured in terms of the largest diameter ball that can pass through it. Also referred to as "passageway."

Under-Mount Bath

The deck of the bath is mounted beneath your choice of deck material, such as tile, solid surface or natural stone.

Vessel and Wading Pool® Sinks

Vessel sinks are freestanding basins that rest on the counter—a dramatic centerpiece for any bathroom. Wading Pool above-counter sinks, unique to Kohler, accentuate the movement of water.

Wall-Mount Faucet

Mounted on the wall behind the sink, a wall-mount faucet works well with above-counter, wall-mount and under-mount sinks. It provides a streamlined look and helps keep countertops clear.

Whirlpool Jet

Individually and fully adjustable to target specific areas of the body, KOHLER whirlpool jets deliver powerful hydromassage.

Trim

All shower valves require trim, the controls you use to adjust water flow and temperature. Designed to match KOHLER® fixtures and faucets, shower trim is available in a wide range of styles and finishes.

Under-Mount Sink

These sinks mount beneath the counter to create a seamless counter-to-basin transition. Sleek style and ease of cleaning give this installation type its appeal.

VibrAcoustic®

VibrAcoustic hydrotherapy combines music, sound-wave vibration and chromatherapy in the bath, delivering relaxation that resonates deep within the body.

WaterSense®

WaterSense, a partnership program of the U.S. Environmental Protection Agency, seeks to protect the future of the nation's water supply by offering people a simple way to identify water-efficient products.

Widespread Faucet

A widespread faucet features separate hot and cold handles that are independent from the spout. It can be mounted on the countertop or on sinks with three holes that measure 8" to 16" from the outside edges of the holes.
